AT THE CAPITAL.

Spicy Episode in the Ballot-box Inquiry.

Gov. Campbell Tells Ex-Gov Forsaker Why He Called Him Names.

An Alleged Bomb Discovered in the Capitol Rotunda.

A Bill to Regulate Telegraph Rates Reported—Another Stormy Session of the Colored Men's Convention.

By Telegraph to The Times.

WASHINGTON, Feb. 5.—[By the Associated Press.] The House committee investigating the Ohio ballot-box forgery this morning continued the examination of Gov. Campbell.

In answer to ex-Gov. Forsaker, witness said that he had not predicted his action, made in a speech, that Forsaker was an infamous scoundrel, upon the Luce letter, but it was an answer to Forsaker's charge that he was a party to a million-dollar steal. Witness had said that any man who charged another with stealing a million dollars when he did not know what he was talking about was an infamous scoundrel. Witness said he never saw the Wood ballot-boxes, except one in Col. T. C. Campbell's office and one brought to him in Washington. He never traveled with a ballot-box in his life; never spoke to the President about the Ballot-box Bill.

To a member of the committee witness said he introduced the Ballot-box Bill together upon T. C. Campbell's request. He thought Campbell should have a show for his box.

A number of other witnesses were examined, including Wood's wife, but nothing new was learned.

A TELEGRAPH BILL.

A Measure Designed to Regulate Rates for Messages.

WASHINGTON, Feb. 5.—Senator Culm today reported favorably from the Committee on Commerce Senator Spooner's bill to regulate interstate commerce by telegraph. Its provisions are similar in general tenor to those of the interstate commerce law as applied to railroads.

The bill includes a provision similar to the long and short haul clause in the interstate commerce law. In the section forbidding special rates, rebates or drawbacks to any person firm or corporation, the following proviso occurs: "But nothing in the act shall be construed as prohibiting any telegraph company from receiving, transmitting and delivering messages for the United States or State or municipal corporations, or for the press, intended for publication as news, at lower rates than are charged for social business and other messages; but no such company shall discriminate between the publishers of newspapers by allowing terms or advantages to one or more newspapers for like and comparable service which it is not allowed to newspapers in any city, town or place where there is, or may be a telegraph office from which such messages may be dropped."

WAS IT A BOMB?

A Mysterious Little Bomb in the Capitol.

NEW YORK, Feb. 5.—[By the Associated Press.] The Evening Sun's Washington special says: This afternoon a startling discovery was made in the rotunda of the Capitol. In one of the spittoons was found a small box, the size of a silver dollar, and on which was written a name. The box was found in the spittoon of a man who had been seen in the Capitol. The box was found in the spittoon of a man who had been seen in the Capitol. The box was found in the spittoon of a man who had been seen in the Capitol.

WASHINGTON, Feb. 5.—The rumor current today that a dynamite bomb had been found in the Capitol proves to have slight foundation. A small oval-shaped tin box was found in a spittoon in the rotunda. The chief of the Capitol police examined it and found several grains of a substance resembling saltpetre and a small quantity of something that looked like punk. He found that the latter would burn. He concluded that the box was a railroad torpedo, but to settle the matter has sent it to the District chemist for analysis.

The Colored Men's Convention.

WASHINGTON, Feb. 5.—In the colored men's convention today Rev. Dr. Derrick proposed a resolution commending the southern press for recently deprecating the outrages perpetrated on the colored people, etc. This provoked a heated discussion. Several prominent colored men favored it, but it was finally defeated.

Senator Blair spoke urging the convention to petition Congress to pass the Educational Bill.

Editor Mitchell of Richmond read a paper upon outrages upon the colored people in the South. He said 388 negroes had been lynched in the South from 1887 to date. He declared that colored men had been roasted in North Carolina, and this statement was corroborated by H. G. Gussum of Edenton, N.C.

The World's Fair.

WASHINGTON, Feb. 5.—The House Committee on World's Fair today adopted the sub-committee's bill with an amendment providing for the appropriation of \$1,500,000 for the erection of a building for government exhibits.

A sub-committee was appointed and instructed to immediately frame a report for the full committee, providing for a scheme of procedure in the House.

The Samoan Treaty Again.

WASHINGTON, Feb. 5.—In the executive session of the Senate this afternoon, the Samoan treaty was brought up again by Mr. Edmunds, who offered a resolution declaring it the understanding of the Senate that the rights of the United States to Pago Pago Harbor were not disturbed by the treaty. This was discussed for a long time. A vote on a motion to lay the resolution on the table disclosed the fact that no quorum was present, and the Senate then adjourned. A majority of those present were in favor of laying the motion on the table.

A Pica for Wyoming.

WASHINGTON, Feb. 5.—Delegate Carey of Wyoming made an earnest argument before the House Committee on Territories today in support of the bill for the admission of the Territory of Wyoming as a State.

Ex-Congressman Felton Heard.

WASHINGTON, Feb. 3.—Ex-Representative Felton of California today made an argument before the House Committee on

Progress. It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, capable to the stomach and healthy in the nature and effects. Fennel Seed, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

T. Munson Coan, Century Club, N. Y. The Hotel del Coronado is perfect. Its size, its surroundings, its gorgeously furnished public and private apartments, and its great open court, filled with tropical plants, with its climatic superiority, combine to make it unrivaled in the world. Then, its very excellent water.

Children Cry for Pitcher's Castoria.

Merchant Marine and Fisheries in behalf of the bill granting subsidies to American vessels engaged in foreign trade. Felton represented the San Francisco Chamber of Commerce, and his argument was an endorsement of Farquhar's bill.

Reports About Randall.

WASHINGTON, Feb. 5.—A report was current at the Capital this afternoon that Randall had become suddenly worse and Dr. Lincoln had been summoned twice to his bedside. Upon inquiry the reports were found to be wholly unfounded. Miss Randall said Dr. Lincoln calls frequently to see her father and there was nothing unusual in his visit today.

Death of an Admiral.

WASHINGTON, Feb. 5.—Rear Admiral Stephen P. Quackenbush, U.S.N. (retired), died last night, aged 67.

FIFTY-FIRST CONGRESS.

FIRST SESSION.

WASHINGTON (D. C.), Feb. 5.—[By the Associated Press.] Senate.—After a long discussion on the question of providing more rooms for the use of the committee, the Senate took up the bill to provide a temporary government for Oklahoma. The Clerk commenced to read the bill, but had not completed the reading when the bill to amend the establishment and temporary support of common schools was taken up as unfinished business.

Mr. Blair addressed the Senate in advocacy of it. Mr. Blair, after speaking a few minutes, temporarily yielded the floor to Mr. Sherman, who, from the Committee on Foreign Relations, reported the following joint resolution, which was placed on calendar, congratulating the people of the United States of Brazil on the adoption of a republican form of government: "Resolved, that the United States of America congratulate the people of Brazil on the just and peaceful assumption of the powers, duties and responsibilities of self-government, based upon the free consent of the governed and upon their recent adoption of a republican form of government."

This joint resolution is reported as a substitute for that of Mr. Morgan, which was referred to the Committee on Foreign Relations. It omits the words "expressed in their repudiation of monarchy rule." It also omits several paragraphs declaring recognition of the United States of Brazil as a lawful and rightful government, and directing the President to require the people and officers of the United States to recognize the flag of the United States of Brazil as a flag of a free, sovereign and independent State.

Mr. Blair then resumed his argument. He declared the constitutionality of the bill beyond question, and spoke at some length in support of his favorite measure.

Burbank Items.

(Burbank Times.)

It is now unlawful to shoot doves, the law going into effect the 1st of January. They can be shot July 1st. The game law in this particular is very peculiar. It permits the shooting of doves when the young are about hatching.

Mr. McPherson, at Burbank, is making splendid progress in clearing the slope southeast of town. It will look fine when the entire length of the foothill land is cleared and under cultivation.

The contract for Mr. E. H. Hollenbeck's house on Verdugo avenue has been let to Messrs. Du Bois & Ayers. The house will be a fine cottage, costing \$1800.

While some hunters from Los Angeles were out at Glendale last week a gun was accidentally discharged, lodging its full charge in Mr. Arnold's foot. The shot literally tore away the luster. After the wound was dressed by Dr. Eveleth, Mr. Arnold was taken back to Los Angeles.

The Tropico school was closed several days owing to the spread of the influenza.

Weak Women

Owe to themselves a duty to take Hood's Sarsaparilla, in view of the great relief it has given those who suffer from ailments peculiar to the sex. By purifying the blood, regulating important organs, strengthening the nerves, and toning the whole system, it restores the debilitated to health.

After 15 Years.

"For 15 years my mother has been troubled with milk leg. She went to different parts of California, as persons said the climate might help her, but it was of no avail, and I, being a druggist, thought I would get her to try Hood's Sarsaparilla. Before she had taken half a bottle she said she was improving, so she continued until she took a dozen bottles, and now she is perfectly well. For nearly fifteen years she was unable to walk around, but now she can walk as well as ever." T. F. BLAKE, San Francisco, with C. F. Richards & Co., Wholesale Druggists.

Like a New Creature.

"I have been for years trying to get help for that terrible general debility and weakness so common to women. Within a year I have taken ten or twelve bottles of Hood's Sarsaparilla, and I am now feeling like a new creature." Mrs. F. B. Ross, Marlin, Texas.

WEST ENDEAV.

Weekly Meeting of the Board of

The West End Board of Trade met at its rooms on Temple street last evening at the usual hour, about thirty of the members being present.

A. M. Ellsworth complained of the Temple-street fire company; thought something is wrong somewhere, also that the fire-alarm box has been moved from Union avenue, a thickly-populated district, and placed in front of the engine-house.

E. E. Galbreth thought the company has done the best it could; that the trouble does not lie with the fire company; that there should be additional fire-alarm boxes, and that the hose cart is too heavy; that the proper source is the Fire Commissioners, and that the matter should be brought before that body.

C. E. Dailey said he has noticed the fire company and that he is agreeably surprised at the service rendered. The matter was referred to the Fire Committee.

The special Committee on Streets reported that nothing has been accomplished in the Temple-street matter; that those opposed to the regrade have presented nothing in the way of compromise, and hence the matter stands as it was.

J. Mills Davies, chairman of the standing Committee on Streets, said that he has talked with Col. Morford, Street Superintendent, in regard to the present manner of constructing street gutters, and that he reported that changes could not be made by him. That that matter is controlled by the City Engineer; also that he called the Street Superintendent's attention to the present condition of the streets, and requested that something be done.

The Superintendent said that 61 men have been taken off the force, and that his men have been working day and night, and that with the present force the streets will not be put in proper condition in six months.

The matter of putting in meters was discussed and strongly advocated by those using them. C. H. Libby thought that the proper course will be to get the Council to take action in the matter, and if nothing could be done, to welcome the Chicago or any other water company. Charles Luckenbach said that the City Attorney stood ready at any time to make a test case, if any one paying a greater water rate than they should would refuse to pay the same, make complaint and test the matter.

On motion, the Fire and Water Committee was instructed to notify, through the public works, the different boards of trade and kindred organizations of the city to appoint committees, and that these committees convene at the office of Galbreth & Morrison, at 4 p.m. Friday, February 7th, and that they report upon and recommend a water rate for the coming year to the City Council.

Coronado Mineral Water.

CORONADO WATER

The most eminent physicians will tell you that the first principle of any

cure to be arrived at, is the formation of a healthy, rich blood. The body is

thus enabled to effect its own restoration.

No medicine known to man can produce this much desired result so effectively

as Pure, Wholesome Water, such as flows from the Coronado Natural Springs.

The less mineral salts a water contains, the greater is its value for table use; this constitutes

much of its virtue as a remedy in kidney ailments. The absence of potassium salts is greatly in

favor of the Coronado Natural Mineral Water.—Prof. W. T. WENZEL, Chemist, San Francisco.

Comparative amount of Solids contained in one pint of different waters:

Coronado Natural Mineral Water contains 2.72 grains.

Napa Soda Water (precipitates its minerals) 8.093 grains.

Alma Mineral Water (contains 4.075 grains potassium, salts) 12.059 grains.

Apolinaris Water (reported artificial) 19.59 grains.

"I desire to state as my opinion, arrived at after thorough investigation and careful deliberation,

that the Apolinaris Water as imported to the United States has been subjected to artificial treat-

ment, constituting processes of manufacture, without which it undoubtedly possesses a flat and

insipid taste, and that it cannot rank as a natural mineral water."

J. F. MATTHEWS, Chemist, U. S. Laboratory, N. Y. City.

"In conclusion I am of the opinion that if we accept the evidence furnished by the Apolinaris Com-

pany, with the admissions made by their respective agents, we conclude that the Apolinaris

Mineral Water, as imported, is an artificial water."

EDWARD SHERRER, Chemist, in charge of U. S. Laboratory.

Money, Stocks and Bonds.
By Telegraph to the Times.
New York, Feb. 5.—Money on call easy at 1/4 per cent.
Prime mercantile paper, 4 1/2% (66).
Sterling exchange, quiet and steady; 60-day bills, 4.85%; demand, 4.87 1/2%.
American cotton, oil, 2 1/2%.
Government bonds, dull but steady.
New York, Feb. 5.—With the exception of Rock Island, Reading, Sugar Refineries and Lead Trust, the stock market was dull today, and feverishness and irregularly marked dealings throughout most of the day. Sugar was weak from the opening, and rallied feebly at times, but closed at about the lowest prices of the day. The bears claimed to have discovered that insiders who have held their certificates since the formation of the trust were selling, and as usual were trying to take the market from them. Rock Island was the feature of the day, being again specially weak and reaching the lowest prices for a week past. The old rounder were still circulated. The market closed dull, heavy and generally at about the lowest prices. Final changes, in all but a few cases, were in the direction of lower figures, but Sugar, with 3 1/2% Lead 1 1/2% and Rock Island 1 1/2%, are the only ones of importance. Chicago and East Illinois common rose 1/4 and preferred 2 per cent.

One Eye Gone.

The man found by Officer Rinkenbach lying face downward in a lime pit at the corner of First and Los Angeles streets, Tuesday evening, and taken to the police station, had so far recovered yesterday morning as to give his name, which is Charles Yerlin. The man's face presents a horrible appearance. It was thought Tuesday night that his eyesight had been totally destroyed, but yesterday the left eye was all right. The right eye, however, is beyond all hope of saving.

PEOPLE'S STORE.

SOMETHING OF INTEREST TO THE LADIES.

We Have Several Lines of Underwear on Hand That Will Have to Be Closed Out to Make Room.

PEOPLE'S STORE.

LOS ANGELES, THURSDAY, Feb. 6, 1890.

Our subject today is one that will interest the ladies—it relates to underwear. At this time of the year, between seasons, we always have several lines of underwear in close out.

This year our desire is increased on account of the peremptory orders given us to make room for spring goods. We have put the underwear into five different lines—each one a separate and distinct grade. They must go, and price will be the factor to make them go.

Our first is a line of ladies' Swiss ribbed vests with long sleeves, silk bound, normal shape, and finished with fine stitching. Our second is a line of ladies' fine camel's hair vests with long sleeves, silk bound and stitched pearl buttons, at each reduced from 50c. Our third is a line of ladies' three-quarter wool vests, medium weights, silk bound and stitched, extra well finished, at each reduced from \$1.

Our fourth is a line of ladies' fine white merino vests, pearl buttons, silk bound and stitched, at each reduced from 50c. Our fifth is a line of ladies' colored jersey knit vests, French ribbed, all wool and faced down the front with satin long sleeves, all such as pink, blue, cardinal, etc., among them, 50c each, reduced from \$1.50 to \$1.75.

The above five items will bear out in saying we want to make room; not a single one of the five could be replaced in stock for the price we are offering them.

Our Parosol suits still continue with the finest bargains ever known.

Our grand Gilette suit is not over. Several lines are complete still, but will not last much longer.
